

ACCELERATOR MENTORSHIP

Toilet Board Coalition call for mentors for our Asia, Africa and Latin America programme

The Toilet Board Coalition accelerates business solutions to the sanitation crisis by matching entrepreneurs with global business leaders and investors to drive progress on Sustainable Development Goal 6.

Employees of Toilet Board Coalition Member companies are eligible to provide skills-based mentoring through the Coalition's Accelerator - supporting and championing Accelerator participants on their journey through the 12-month programme by delivering mentoring and expert business advice to empower entrepreneurial success.

WHO CAN MENTOR?

Our mentors are business experts from leading multinational companies – sales, marketing, supply-chain, financial planning, etc and technical experts from leading companies and stakeholders – research & development, engineering, IT, mobile, etc.

WHY MENTOR?

- Utilise your business expertise and connect with disruptive entrepreneurs on-the-ground bringing tangible impact at a community level.
- Get pre-competitive collaboration and exposure to the most progressive business leaders in sanitation worldwide for innovation with purpose.
- Learn from disruptive entrepreneurs, tackling the same challenges as you but ground-up, giving you extraordinary real-world insight, strengthening strategy, accelerating sustainability and deepening purpose for employees.

MENTORS COMMIT TO:

- Develop a bespoke project and workplan with your mentee in first month of engagement.
- Meet with your mentee on a weekly or bi-weekly basis for 30-60 minutes throughout the year.
- Track progress through the workplan and KPIs.
- Attend the online graduation ceremony and share insights and impact of the mentorship journey.

HEAR FROM MENTORS

"Private sector partnership with the Coalition brings together MNCs with the most innovative entrepreneurs, strengthening strategy, deepening purpose and accelerating sustainability."

Aalap Sharma

Global Brand Lead for Domestos, Unilever

"Mentoring through the Toilet Board Coalition Accelerator enables us to work together and accelerate women-owned sanitation businesses that support communities in need. Women are addressing some of the biggest challenges facing our society and a period should never get in the way of her progress. The Accelerator mentorship also offers a phenomenal development opportunity as we learn about new markets, strengthen our leadership and diversify our roles."

Alessandra Castro

Global Senior Director for reusable solutions at Kimberly-Clark

"What excites me about the Toilet Board Coalition Accelerator is getting to meet like-minded people who innovate approaches to sanitation and contribute towards the good of humanity. The mentorship breaks up my week, as it's that one call I have where I'm going to tackle someone else's problem. It pulls me away from my daily tasks and brings new perspectives, adding colour to the week. It's really a two-way stream – I hope they learn as much from me as I learn from them."

Daigo Ishiyama

Leader of Innovation at SATO, part of LIXIL
