TOILET BOARD COALITION

# 2026 ACCELERATOR IMPACT STORY

## ABOUT KEDAT K7 GHANA LTD

Kedat K7 is a sanitation provider offering biodigester-based toilet solutions for both homes and institutions. These toilet solutions are economically advantageous compared to traditional septic tanks. As an on-site treatment system, they are environmentally friendly, require less construction time, and need minimal space for installation. This makes them a strong option for both new homes and already developed or hard-to-reach communities where the use of sophisticated desludging equipment is not feasible. The toilet solution uses macro- and microorganisms to decompose faecal sludge into organic soil or compost for agricultural use.

## KEDAT K7 GHANA LTD: 12 MONTH ACCELERATOR JOURNEY

**During its 12-month Accelerator journey, Kedat K7 Ghana focused on strengthening its unit economics and financial planning to support sustainable business growth.**

### ACCELERATOR COACH

*"Kedat K7 embraced the hard work of strengthening their financials and consistently showed up ready to learn and improve. It was a privilege to be part of their journey. They are a united, hardworking team with a genuine passion for what they do."*

**Malick Wade**
Toilet Board Coalition

### ENTREPRENEUR

*"The 2026 TBC Accelerator strengthened our financial planning through a five-year financial model, helping us identify efficiencies and new revenue opportunities. We also gained a deeper understanding of Ghana's Sanitation Economy and are exploring potential partnerships with LIXIL to distribute SATO products. We look forward to building on this relationship with TBC to unlock further growth opportunities."*
