AGRIFACTURE INDIA PRIVATE LIMITED

ABOUT AGRIFACTURE INDIA

Agrifacture provides a simple retrofit solution to improve sanitation in schools. It uses very little water, works under existing toilets with minimal construction, and meets international hygiene standards. The system treats waste on-site and reuses water for landscaping, helping schools save water while providing safe and dignified facilities for students, especially girls.

AGRIFACTURE INDIA: 12 MONTH ACCELERATOR JOURNEY

During its 12-month Accelerator journey, Agrifacture India focused on reviewing and strengthening its strategy, while identifying and pursuing grant opportunities to support its key priorities.

ACCELERATOR COACH

"Businesses like Agrifacture highlight the potential for innovation to reshape traditional industries, creating opportunities to build more sustainable and resource-efficient systems."

Malavika Ravi
Toilet Board Coalition

ENTREPRENEUR

"We see significant potential to transform conventional approaches through innovation, and we are focused on developing solutions that can deliver meaningful impact at scale."

Ravi Senji,
Agrifacture India
