2026 ACCELERATOR IMPACT STORY

E-WASTE SOCIAL
Re-imagining Waste

ABOUT E-WASTE SOCIAL

E-Waste Social provides a safe, decentralised way to dispose of sanitary and hygiene waste. Its technology uses controlled heat without burning or chemicals, reducing waste volume by over 98%. The solution improves public health, protects waste workers, and offers an environmentally safer alternative to incineration.

IMPACT TO DATE

495,000
Sanitary pads
serviced/month

12.75 tCO_2
GHG emissions
reduced/avoided

8,500
People served
daily

112 tonnes
Faecal sludge
collected, transported & treated

E-WASTE SOCIAL: 12 MONTH ACCELERATOR JOURNEY

During its 12-month Accelerator journey, E-Waste Social focused on strengthening its organisational strategy, exploring grant opportunities and reviewing its financials to support informed decision-making and build a stronger foundation for future growth.

Malavika Ravi
Toilet Board Coalition

ACCELERATOR COACH

"Supporting E-waste Social with its financial planning and grant opportunities has reinforced how access to the right funding can help purpose-driven businesses strengthen their models and expand their impact."

Iram Maimuna,
E-waste social

ENTREPRENEUR

"Access to funding and stronger financial planning are critical to scaling circular economy solutions, and the TBC programme has helped us strengthen our readiness to pursue these opportunities."
