ABOUT OPENWATER

Openwater provides plug-and-play wastewater treatment systems that work without chemicals or microbes. The units are quick to install, fully automated, and suitable for reuse or safe discharge. The solution helps communities and industries manage water shortages more effectively.

OPENWATER: 12 MONTH ACCELERATOR JOURNEY

During its 12-month Accelerator journey, Openwater focused on strengthening its strategy and exploring new financing mechanisms to identify innovative funding pathways and support its future growth.

Malavika Ravi
Toilet Board Coalition

ACCELERATOR COACH

"Supporting Openwater on strategic priorities has reinforced the value of helping founders step back from day-to-day operations and focus on the decisions that will unlock their next stage of growth."

Dr Prabha Nagarajan,
Openwater

ENTREPRENEUR

"TBC has provided a valuable sounding board as we refine our strategy, navigate growth challenges and identify opportunities to expand our impact in the water sector."
