We Match Promising Innovation with Progressive Investors

By 2030, the Toilet Board Coalition Accelerator will graduate 1,000 businesses and unlock US\$ 2 billion of investment. By fuelling the Sanitation Economy, investors can foster innovation, open up new markets, support livelihoods and impact SDG 6 at the community level.

By 2030, the Sanitation Economy potential is estimated at:

Sub-Saharan Africa
USD \$76.8 BN

Asia
USD \$ 493.9 BN

Latin America
USD \$ 19.2 BN

WHY INVEST IN SANITATION BUSINESSES?

- Be a front runner of the **multi-billion opportunity** of the Sanitation Economy.
- Sanitation is at the **centre of multidimensional impact**.
- **Recession-proof** demand with a supply chain that meets its customers every day

We work with a range of investors including foundations, debt impact investors, equity impact investors, innovation challenges and development finance institutions across Asia, Africa, South America, North America, and Europe.

ABOUT THE SANITATION ECONOMY

The Toilet Board Coalition pioneered the Sanitation Economy – a market-based approach to the sanitation system that builds on **innovative business models** and strategic collaborations to provide **customer-centric & sustainable sanitation products and services** to everyone, everywhere.

Products and services range from toilet access to collection and transportation, digitised sanitation, and its reuse – where output products are sold back to local businesses or utilised on-site.
