2026 ACCELERATOR IMPACT STORY

Tellus Habitat

ABOUT TELLUS HABITAT

Tellus Habitat develops decentralised wastewater treatment systems that recover and reuse water. Their solutions use less energy and avoid chemicals, making them suitable for water-scarce areas. The focus is on improving water security for communities and public sanitation systems.

TELLUS HABITAT: 12 MONTH ACCELERATOR JOURNEY

During its 12-month Accelerator journey, Tellus Habitat focused on strengthening its business strategy, exploring grant and debt financing opportunities, and receiving partnership support to identify potential collaborations and strengthen its growth prospects.

Malavika Ravi
Toilet Board Coalition

ACCELERATOR COACH

"Working with Tellus Habitat has highlighted the importance of aligning a business's long-term vision with a practical growth strategy to build solutions that deliver both commercial and environmental value."

Dr Seema Sukhani,
Tellus Habitat

ENTREPRENEUR

"The programme has encouraged us to sharpen our strategic priorities and think about how we can scale our solutions while creating lasting environmental and social value."
