MENTOR

"My time mentoring UMOJA during the Toilet Board Coalition Acceleration Program took place during a critical Ebola crisis. Instead of stepping back when others left, this resilient team leaned in. That experience showed me that true sanitation solutions must be rooted in the community. Empowering local innovators is how we create lasting global change, and I'm grateful to have supported UMOJA as they restructured for the future."

ENTREPRENEUR

"More than just a coaching program, the Toilet Board Coalition has provided us with the strategic rigour, financial maturity and global vision essential to becoming a major player in the sanitation sector."
