2026 ACCELERATOR IMPACT STORY

VIRGIN GREEN RENEWABLE ENERGY LTD.
SAVING LIVES AND FOREST

ABOUT VIRGIN GREEN RENEWABLE ENERGY

Virgin Green Renewable Energy has demonstrated strong early traction, selling over 300 tonnes of eco-friendly charcoal briquettes made from recycled sanitation waste and piloting its Smart Sanitation Marketplace in three communities. The company has served over 12,000 customers, benefiting approximately 100,000 people through improved sanitation and access to clean energy. With 12 signed supply contracts and partnerships with local cooperatives and women's groups, the model shows strong community acceptance and growing demand.

VIRGIN GREEN RENEWABLE ENERGY: 12 MONTH ACCELERATOR JOURNEY

During its 12-month Accelerator journey, Virgin Green Renewable Energy focused on strengthening its business model and defining a clear pathway to scale.

Malick Wade
Toilet Board Coalition

ACCELERATOR COACH

"Virgin Green built on an already strong business foundation to develop a clearer pathway to growth and scale. Their eagerness to learn made coaching them a pleasure, while the team's warmth and energy brought something special to every session."
